Edit text and image Highlight key words

Easily modify content and spotlight
key terms for clearer, faster reading.

The screenshot displays the Tenorshare PDNob application interface, which integrates text editing, image processing, and data visualization.

Text Editing: On the left, a document titled "LOREM IPSUM DOLOR SIT AMET" is shown. A large yellow smiley face icon is positioned above the title. The word "Habitan" is highlighted with a pink box. Below the title, there is a text area with several colored circular highlighter tools (yellow, orange, green, blue, purple) available for selection. The text content includes placeholder text from "Lorem Ipsum".

Image Processing: In the center, there is a grayscale halftone image of a landscape. A pink rectangular highlighter box is placed over the lower-left portion of the image, covering a area of land and water.

Text Area: On the right, there is a text input field containing the sentence: "Déjame teuento cómo sobrevivir a las Felices Fiestas." Below the input field is a toolbar with various text modification icons (bold, italic, underline, etc.).

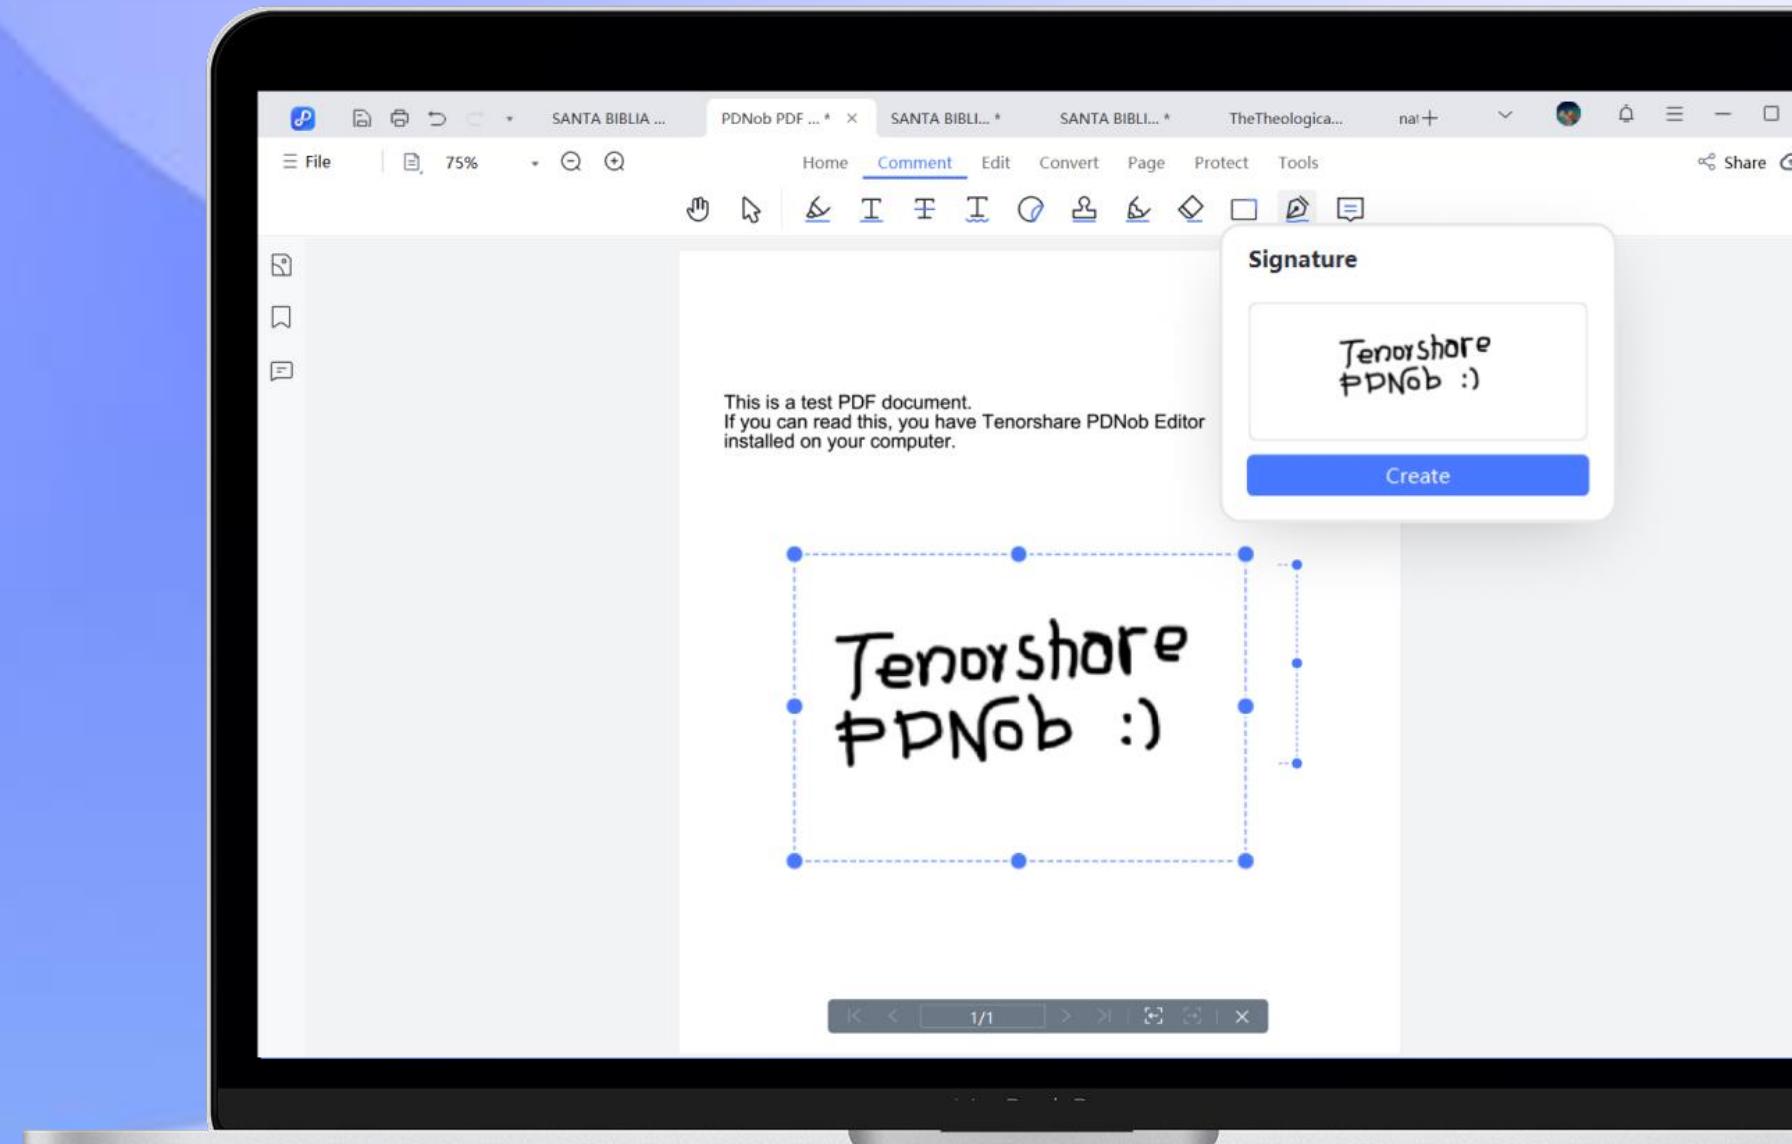

Text Content: Below the toolbar, there are two columns of placeholder text from "Lorem Ipsum". The first column starts with "Mauris venenatis arcu sed molestie luctus. Donec ac massa mollis, placerat eros ac, semper lorem. Quisque non nisi augue. Curabitur libero ipsum, blandit ut bibendum vel, feugiat sed purus. Nunc eget ligula ac sem vulputate porttitor. Aliquam sit amet congue ipsum, id tempus est. Fusce vel rutrum magna. Cras ut felis viverra, imperdiet nisi eget, ultrices felis." The second column continues with "Vivamus sit amet velit diam. Vestibulum ante ipsum primis in faucibus orci luctus et ultrices posuere cubilia curae; Cras ac porta diam, eu pulvinar velit. Praesent aliquet dapibus justo sit amet vestibulum. Curabitur quis turpis interdum, ultrices mi at, condimentum leo. Maecenas vitae ultrices quam. Quisque vulputate lobortis malesuada. Suspendisse tincidunt ante ut sem semper ultrices. Vivamus metus orci, pulvinar at consectetur in, ornare vitae diam. In condimentum urna et varius pretium. In ultrices dolor nec felis ornare, id sodales lacus venenatis. Donec mattis, libero

Chart: At the bottom right, there is a line chart with a shaded area plot. The x-axis ranges from 0 to 9, and the y-axis ranges from 0 to 1000. The data points show a fluctuating trend, starting around 450, peaking near 800 at index 2, dipping to 250 at index 3, and ending around 100 at index 9.
